#### **Part 4. History of Care Minute targets**

- 4.1** In response to TriCare Jindalee’s deficit in Care minutes responsibilities under section 10(2) of the Quality Care Principles, the Commission has undertaken what it determines as regulatory and administrative action since 31 May 2024. A history of this regulatory and administrative action and TriCare Jindalee’s responses are:

- On 31 May 2024, the Commission held a video link meeting with TriCare Jindalee to discuss the deficit with the Care minutes responsibility under section 10(2) of the Quality of Care Principles for the period October to December 2023.
- On 5 June 2024, the Commission issued a letter to TriCare Jindalee summarising the key points discussed in the meeting of 31 May 2024:
  - TriCare Jindalee had delivered Care minutes below the target Care minutes between October and December 2023.
  - The challenges faced by TriCare Jindalee, particularly the quality and availability of the workforce and the impact of COVID.
  - The ongoing actions by TriCare Jindalee such as roster review and enhanced recruitment practices.
  - A reminder of TriCare Jindalee's obligation to meet the Care minutes responsibility under section 10(2) of the Quality of Care Principles.
  - A recommendation to plan for a 5% increase in the target Care minutes from 1 October 2024.
- In response to the meeting with the Commission and their letter of 5 June 2024, there was a substantial increase by TriCare Jindalee in Direct care staff members and Care minutes. This necessitated taking a broader approach with respect to employment practices.
- On 31 October 2024, TriCare Jindalee received a notice from the Commission requiring TriCare Jindalee to supply information and/or produce documents in relation to the Care minutes responsibility under section 10(2) of the Quality of Care Principles.
- On 1 November 2024, TriCare Jindalee provided a response to the Commission with the supply of the requested information.
- On 8 November, TriCare Jindalee received a letter from the Commission highlighting a deficiency in Care minutes responsibilities for the period October to December 2023 (previously identified) and January to June 2024 under section 10(2) of the Quality of Care Principles.
- On 19 November 2024, the Commission contacted TriCare Jindalee to discuss the deficit to Care minutes responsibilities for the period October 2023 to June 2024 under section 10(2) of the Quality of Care Principles.

TriCare Jindalee acknowledges delivered Care minutes were below target Care minutes for the period October 2023 to September 2024 as shown in the table in section 3.4 above.

As at 1 January 2024, TriCare Jindalee had 78 Direct care staff members and 23 Non-direct care staff members. The number of Direct care staff members has increased by 38%, from 78 to 108 Direct care staff members as at 10 December 2024 (refer table below), which added an additional 33 minutes of Care minutes for the July to September 2024 quarter compared to October to December 2023 quarter.

TriCare Jindalee experienced a high turnover of Direct care staff members, with 35% of the Direct care staff that were employed on 1 January 2024 no longer working at the Service as at 10 December 2024. This high turnover is attributed to various factors, including resignations, terminations for poor performance, returns to their country of origin, and casual staff finding alternate work.

Direct care staff members as at 1 January 2024	78
Resignations / terminations since 1 January	27
New hires since 1 January	57
Direct care staff members as at 10 December 2024	108

TriCare Jindalee has faced challenges recruiting for night duty Registered nurses and Personal care workers.

Remediation actions already implemented by TriCare Jindalee to increase Care minutes:

- A comprehensive roster review consultation with Direct care staff members was conducted to evaluate current roster allocations and determine a more effective model for enhanced operational efficiency. As a result, shift start and finish times were adjusted, allowing greater flexibility for Direct care staff members to select personalized rosters; plus casual Direct care staff members were converted to permanent part-time positions.
- Increased use of recruitment platforms such as LinkedIn, and Indeed, as well as TriCare Jindalee registering with the Workforce Australia recruitment platform.
- Utilised the careers migration scheme to source Registered nurses to fill roster requirements.
- Partnered with training organizations to boost student placements as a pathway for employment.

As a result of the above detailed remediation efforts, there was a significant increase in Care minutes for October and November 2024 as shown in the table below:

<b>TriCare Jindalee delivered Minutes of care October and November 2024</b>		
<b>Month</b>	<b>Target minutes of Care</b>	<b>Minutes of care delivered</b>
<b>2024 October</b>	214.93	203.56
<b>2024 November</b>	214.93	198.10
